Junior web developer with academic background in social sciences. Passionate about design, typography, open source, and classical music. Trained chef. Skills include:

- Mobile-first and responsive web design
- HTML5, CSS3 (Sass, PostCSS), JavaScript (jQuery, D3.js)
- Rapid prototyping in the browser (oocss, multi-class pattern)
- Basic PHP for CMS-backed development (Kirby)
- Advanced typesetting for print and screen (inDesign, L^AT_EX)
- Bash, tmux, git, npm, and all sorts of frontend build utilities
- Mad ninja Vim skills and all-around Unix-fu
